

## GIS Planner

Waccamaw Regional Council of Governments (WRCOG) is seeking a **GIS Planner** to support the Transportation and Local Planning Programs of WRCOG. Under minimal supervision, maintains and develops GIS data and products for agency use, sharing with local government partners, and for public viewing. The primary responsibility of this position is to organize and maintain up-to-date geospatial data and conduct analyses to support local planning and transportation projects throughout the region. The selected candidate will need to have experience developing professional maps for reports and large scale printing, as well as experience producing webmaps. Experience with ArcPro is a plus.

### Desired Education/Experience-Pay Grades

#### **Entry Level Pay Grade (\$43,100-\$61,000)**

- Bachelor's degree in geography, geographic information systems, urban planning, civil engineering, architecture, political science, public policy, or related area of study in addition to one year of work experience; or Master's Degree in Planning, Public Administration or related field.
- AICP Candidate preferred.
- Valid state driver's license.

#### **Associate Level Pay Grade (\$55,000-\$78,000)**

- Master's Degree in Planning or Public Administration with emphasis in transportation or urban planning with three years' experience in the planning profession; or a bachelor's degree and five years of professional planning experience.
- Certification with the American Institute of Certified Planners (AICP) is preferred.
- Other credentials, such as PE (Professional Engineer), CEP (Certified Environmental Professional) or CFM (Certified Floodplain Manager), desirable.
- Valid state driver's license.

#### **Senior Level Pay Grade (\$67,000-\$96,000)**

- Master's Degree in Planning with emphasis in transportation or urban planning with 5 or more years of relevant work experience, or Bachelor's degree in Planning or related field with 7 or more years of relevant work experience;
- Certification with the American Institute of Certified Planners (AICP) required.
- Supervisory experience preferred.
- Additional credentials, such as PE (Professional Engineer), CEP (Certified Environmental Professional) or CFM (Certified Floodplain Manager), desirable.
- Valid state driver's license.
